(Good Laboratory Practices)
No. 2/19-C.VAL. General Directorate of
Pharmacy and Medical Devices of the Health
Department of the Valencian Region. Spain

Virucidal test with the product “SANIVIR” against Coronavirus (based on EN 14476: 2014 + A2: 2019 Guideline)

Report

Registration No.: D/20/179

1. **Laboratory identification** Instituto Valenciano de Microbiología.
2. **Client identification** Pilar Rosas Pérez.
Address Avda. Castilleja de la Cuesta, 26, PIBO
Sevilla, 41110.
3. **Sample identification** (information provided by the customer)
 - Product name..... SANIVIR.
 - Batch number..... 192166.
 - Expiration date..... 11/2022.

4. Conclusion

The disinfectant product “SANIVIR”, batch **192166**, under clean conditions (bovine serum albumin 0.3 g/L), diluted at **1%** and during 30 minutes of exposure, **shows** virucidal activity against Coronavirus 229E (ATCC VR-740), when the activity is assayed according with the internal procedure DESIN-6255 based on the EN 14476: 2014 + A2: 2019 guideline.

Tests performed, only with Coronavirus strain 229E, does not allow to conclude that the product tested shows a general virucidal activity, but only that it shows activity against Coronaviruses.
